# Solving problems for safer working.

Since 1985, Oxford Plastics has been dedicated to helping industrial workers do their jobs safely and efficiently.

Our award-winning range of intelligent, compliant, problem-solving products are creating safe working environments for people across a host of industries – including highways, utilities, events and streetworks; as well as the industrial, civil engineering and construction sectors.

We also collaborate closely with the Departments for Transport and industry leaders around the world, such as JAG, HAUC, NJUG and REMA, ADA and respected professors of Engineering. This ensures safety standards and product integrity are not only met, but consistently exceeded.

**As the world changes, so do we. We're committed to creating even better solutions and delivering even better service, so our customers always know that whatever challenges they face, we've got it covered.**

## **Dedicated to sustainability**

Oxford Plastics is driven by a commitment to sustainability. We build the circular economy into our products by designing them to be long-lasting, repairable and recyclable. In 2022 we're building on this commitment further by focussing on the 'Right to Repair', making sure spare parts are available to equipment users. The pallets, cardboard and paper from our production units are fully recycled, and as our business grows, we're finding new ways to reduce our carbon footprint and create more sustainable products.

Our unique closed loop manufacturing process means that 75% of our products are manufactured from recycled plastics (we're working on the rest), while 100% of our products can be recycled or recovered for energy.

## **Committed to customer support**

We know how important it is to support our customers at every stage, providing technical assistance and on-site product and safety training wherever and whenever it's needed.

From a single manufacturing unit at Enstone Airfield, Oxfordshire, we've grown into a recognised global innovator with over 120 employees and offices in Germany, the USA and Australia.

Our greatest asset? Our people. We bring together experts from a diverse range of backgrounds, including materials specialists, chemists and engineers. All drawing on experience that encompasses construction, civil engineering, manufacturing, retail and technology.

Through rigorous testing and product development, we supply thousands of British-designed and manufactured patented site safety solutions to a global market. In all, our expertise is shared across more than 30 countries worldwide; from the USA and Europe to Australia and New Zealand.

# Sustainability through the supply chain

## OUR SUSTAINABILITY OBJECTIVE

In 2022 we will define the carbon emissions of our products to enable our customers to reduce their carbon footprint through informed choices.

## WHAT THIS MEANS TO OUR CUSTOMERS

In 2019 the Construction industry was responsible for 38% of global carbon emissions. By working together, we can invest in the circular economy, lower emissions and reduce our impact on the planet.

### Our ESG Framework

Our people, business values & ethics. Long term targeting of CO<sub>2</sub> emissions by reducing our site and product carbon footprint.

### Our Customer's ESG Framework

Servicing demands for innovative ECO product solutions to reduce CO<sub>2</sub>e within the supply chain.

### Product Design

Designing in recyclability, transportability, repairability and durability to our products.

### Recycled Materials

Increasing the use of recycled plastic as a source material.

### End of Life

Ethically disposing of products which can be returned to us, recycled and reused.

### Transportability & Repairability

Reducing CO<sub>2</sub>e from logistics with man liftable and compact products. Products are maintained to prolong life & usage.

# Introducing our latest innovations

As a leading innovator in the manufacture of site safety equipment, we're committed to the design, creation and supply of best-in-class products for an ever-changing world. This is why the Oxford Plastics product portfolio never stands still – we continuously listen to our customers and evolve, develop and innovate our offering, to ensure we're providing best-in-class, problem-solving solutions.

## ENDURASIGN QUICKFIT FRAME®

The EnduraSign QuickFit Frame is a plastic sign frame that is compatible with 300mm hole centre sign faces. The modular design means the correct signage can be quickly assembled on site. Space and weight limitations are improved in works vehicles compared to using 1 piece Chapter 8 signs.

See pages 50-51

## LOWPRO® 100 NARROW TRENCH COVER

Newly launched from Oxford Plastics, the LowPro® 100. This trench cover was designed with the UK's leading fibre optics and telecoms providers.

Each 1m section is made of rubber-like recycled plastic which grips the asphalt. Pieces can be bolted together for extra stability.

With no need to be fixed down, this versatile trench cover adapts to cambers in the pavement and can even go around bends.

Quick to install and remove, ensure that fibre optics works stay on track with the new LowPro 100 Narrow Trench Cover.

See page 15

## LOWPRO® 15/10 RAMP SYSTEM

The new LowPro Ramp kit completes the LowPro 15/10 system, when used with the Infill strips. Together they create a ramped platform to provide easy access for pedestrians and vehicles.

See pages 14-15

# Trench Covers and Road Plates

Oxford Plastics has spent over 20 years refining the material composition, technology and manufacturing processes of our flagship LowPro Trench Covers and Road Plates range. Today, we offer the most comprehensive range of composite covers in the world, which can be used in a variety of scenarios from footways to carriageways in street works and on construction sites.

The LowPro range is designed to replace steel plates and wooden boards. Light enough to be installed by hand, the LowPro range makes covering excavations quick, quiet and easy. Tested to ensure a 2:1 safety factor, the LowPro range is built to last, with little to no maintenance costs.

Pedestrian Board Over 700mm Trench

**16/12 SAFE COVER**  
Driveway Board over 900mm Trench

## LOWPRO® TRENCH COVER GUIDE

### COMPOSITE TRENCH COVERS CAN BE INSTALLED IN THE FOLLOWING SCENARIOS.

- ▶ A Site Safety Risk Assessment must be carried out before installation, only install on compacted surfaces such as concrete or asphalt. Always place the trench cover centrally over the excavation.
- ▶ In some instances, road plates and trench covers must be bolted for safety, refer to the installation guide for more details.
- ▶ Trench covers have a maximum width allowance.
- ▶ Trench covers can be linked together to safely cover any length of excavation.
- ▶ The LowPro range is HAUC Compliant.
- ▶ LowPro 15/05 and LowPro 23/05 are HS20-44 load rated.
- ▶ Trench covers must be installed centrally over the trench.

MAXIMUM TRENCH WIDTH	WHAT TYPE OF TRAFFIC WILL CROSS THE TRENCH?		
	FOOTWAY 400KG	DRIVEWAY 3.5T VEHICLE	CARRIAGEWAY 44T VEHICLE
100MM 4"	LowPro 100	LowPro 100	LowPro 15/05
700MM 2FT	LowPro 12/8	LowPro 15/10	LowPro 15/05
	LowPro 11/11		
900MM 3FT	LowPro 15/10	LowPro 15/10	LowPro 23/05
1200MM 4FT	LowPro 15/10	LowPro 23/05	LowPro 23/05

**Narrow trenching is an installation method used for the distribution of communication infrastructure (commonly Fibre Optic cables) in roadways and footpaths.**

**Cables or conduits are placed into a trench no greater than 100 mm wide and 120–300 mm deep.**

- ▶ **Contractors use machinery to saw into the asphalt**
- ▶ **Lay the cable**
- ▶ **Temporarily cover the trench**
- ▶ **Return later for backfilling and reinstatement**

## LOWPRO® 100 NARROW TRENCH COVER

### TRENCH COVER

Developed for Project Gigabit, the LowPro Narrow Trench Cover is ideal for fibre-optic cable installations. It is suitable for 75mm-100mm wide trenches. The recycled plastic material grips the asphalt to minimise movement and provide a stable surface for pedestrians and vehicles. Available in 1m sections, the LowPro 100 is supplied with fixings to bolt pieces together.

### COMPLIANCE CODE

BS 7976-2+A1:2013

### PRODUCT RANGE

### LOWPRO® 100 NARROW TRENCH COVER

#### Usage Benefits

- ▶ Designed for fibre optic cable installations & maintenance
- ▶ Suitable for Narrow-Trenching: 75mm-100mm excavations
- ▶ Low profile, sits flat against the ground
- ▶ Bends around corners
- ▶ Suitable for pedestrian traffic and vehicles
- ▶ 1m sections can securely bolt together
- ▶ Made of recycled plastic and is recyclable
- ▶ Highly slip-resistant in wet & dry conditions
- ▶ Hivis inserts for safety day and night
- ▶ Available in 20mm and 40mm depths
- ▶ Use the LowPro 11/11 over T-Junctions
- ▶ Comes with nyloc fixings

#### LOWPRO 100 40MM DEPTH

Product No.	O761
Width	250mm
Length	1065mm

# LOWPRO® 11/11 TRENCH COVER

## TRENCH COVER

Pedestrian board with patented Flexi-Edge technology, suitable for the distributed load of a 1.6 tonnes vehicle over a 700mm trench.

## PRODUCT RANGE

## LOWPRO® 11/11 TRENCH COVER

### Usage Benefits

- ▶ Extremely compact and flat making it easy to transport & store
- ▶ Can be easily lifted and installed by 1 person
- ▶ Safely cover holes and trenches up to 700mm
- ▶ Create temporary and semi-permanent footways and trench covers
- ▶ Not for use in roadway
- ▶ Enquire about minimum order quantities for customisations
- ▶ Hi-vis and anti-trip trench cover provides a safe passageway for pedestrians and vehicles up to 1.6 tonnes
- ▶ Trench covers must be installed centrally over the trench

Product No.	O825

# LOWPRO® 12/8 TRENCH COVER

## TRENCH COVER SYSTEM

The LowPro 12/8 Trench Cover is a versatile trench cover that is suitable for pedestrians and 1.6 tonnes vehicles over a 700mm trench.

## PRODUCT RANGE

## LOWPRO® 12/8 TRENCH COVER

### Usage Benefits

- ▶ Can be easily installed, transported and stored
- ▶ Safely cover holes and trenches up to 700mm
- ▶ Hi-vis and anti-trip trench covers create a safe passageway for pedestrians, wheelchairs and vehicles
- ▶ Not for use in roadway
- ▶ Prevent drifting using our patented Flexi-Edge technology and Infill connectors strips
- ▶ Patented Flexi-Edges are moulded around the whole board, creating a durable protective barrier for the trench cover
- ▶ To support pedestrians, vehicles and cargo up to 1.6 tonnes
- ▶ To be configured individually and as part of a larger system including infill strips
- ▶ Enquire about minimum order quantities for customisations
- ▶ Trench covers must be installed centrally over the trench

# LOWPRO® 15/10 TRENCH COVER SYSTEM

## DESIGNED FOR ACCESSIBILITY

Make your LowPro 15/10 System accessible to all disabilities and buggy users by adding in the new LowPro Infills and LowPro Ramps. They remove trip hazards, enabling DDA compliance, and have a smooth 1:12 gradient.

### COMPLETE YOUR LOWPRO 15/10 SYSTEM WITH THE LOWPRO RAMPS & INFIL STRIPS

The complete solution. Enable accessibility with your LowPro 15/10 Trench Covers, reduce trip hazards and create a gradual gradient with the NEW LowPro Infills and LowPro Ramps.

# Wheelchair Ramps

Designed for street works where pedestrians are diverted from the footway into the roadway. Tested with UK disability groups using mobility scooters or wheelchairs and the partially sighted.

Highly slip resistant in wet and dry conditions, the Wheelchair Ramp range is moulded with a durable anti-slip surface.

The SupaGrip Ramp uses our patented LowPro anti-slide technology, which grips the pavement for added stability.

HIGH VISIBILITY

**1:5**  
GRADIENT  
AT 60MM KERB

# SAFEKERB RAMP

## WHEELCHAIR RAMP

The SafeKerb Ramp provides safe access for wheelchair, pushchair, motorised wheelchair, bicycle and foot traffic up to 250kg. It is commonly used to provide access from kerb to the road when the pavement is closed for street works.

## PRODUCT RANGE

## SAFEKERB RAMP

### Usage Benefits

- ▶ Can be easily transported and stored
- ▶ Can be easily lifted and installed by 1 person
- ▶ Can be safely used on kerbs between 60mm and 160mm
- ▶ Create semi-permanent kerb ramps by bolting it to the ground
- ▶ Clearly defined thoroughfares to safely direct pedestrian traffic and mobility vehicles
- ▶ To support mobility vehicles and foot traffic up to 250kg

# Barriers and Fencing

Oxford Plastics manufacture a wide range of barrier and fencing solutions for street works, construction sites and facilities management.

Our Chapter 8 street works barrier range is used by businesses around the world to provide safe spaces for the workforce and the public. This includes 1 metre high pedestrian barriers, and 2m high fences for deep excavations and site protection. Featuring patented anti-tamper locking systems, pedestrian barriers are lightweight and are designed to be carried and installed by 1 person. Complete with high-quality British Standard reflective.

We also manufacture a wide array of ballasting solutions made from recycled PVC, which replace unreliable sandbags.

## BALLAST TRAY

### PEDESTRIAN BARRIER BALLAST

Oxford Ballast Trays are an anchor system to give extra stability in strong winds. Fill with spoil from site or the OxBlock to create a semi-permanent work site perimeter.

### PRODUCT RANGE

### BALLAST TRAY

#### Usage Benefits

- ▶ A lightweight, durable component used for easy and effective installation
- ▶ Enhance the safety of workers, spectators and pedestrians
- ▶ Reduce weight transported to site by ballasting with work site spoil
- ▶ Create more stable, connected barrier systems
- ▶ Create enhanced stability of your barrier systems to combat high volumes of traffic and weather conditions

#### BALLAST TRAY SMALL

#### BALLAST TRAY LARGE

Product No.	O88
Width	365mm
Length	930mm
Height	400mm
Weight	1kg
Quantity / Pallet	150
Colour	Black & Yellow

### COMPLIANCE CODES

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS 7818 1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# STRONGWALL® BASE BALLAST

## PEDESTRIAN BARRIER BALLAST

Oxford StrongWall Ballast is a heavy duty and firm solution to barrier stability. It also complies with Wind Loading Class B regulations.

### PRODUCT RANGE

### STRONGWALL BALLAST FOR AVALON BARRIER

#### Usage Benefits

- ▶ Durable alternative to sand bag ballasts
- ▶ When installed, barriers comply with Wind Loading Class B regulation - equivalent to 39mph
- ▶ A closed loop recycling product made from recycled PVC
- ▶ Integrated handhold for quick and easy installation
- ▶ Chapter 8 barrier slots securely into the ballast base
- ▶ Stacks compactly for ease of transport and storage

#### STRONGWALL BALLAST DOUBLE SIDED

Product No.	O197
Width	520mm
Length	1000mm
Height	300mm
Weight	18kg
Quantity / Pallet	18
Colour	Black

#### STRONGWALL BALLAST SINGLE SIDED

Product No.	O196
Width	391mm
Length	1000mm
Height	300mm
Weight	20kg
Quantity / Pallet	18
Colour	Black

### COMPLIANCE CODES

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS 7818 1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# STRONGWALL®

## PEDESTRIAN BARRIER & FENCING

A robust plastic safety barrier which is used during building work or construction to ensure maximum safety to both members of the public and site workers.

### PRODUCT RANGE

### STRONGWALL

#### Usage Benefits

- ▶ Create a highly stable barrier or fenced perimeter to combat high volumes of traffic even in hot weather conditions, with no additional ballast
- ▶ A heavy duty, durable component used for easy and effective installation
- ▶ A compact ballast option that can be easily stored and transported
- ▶ Keep worksites secure with 2m tall anti-climb fencing
- ▶ Enquire about minimum order quantities for customisations
- ▶ Be confident that your fence line will stay in tact with connections which are moulded to the barrier
- ▶ Non-conductive plastic to keep your worksite and the public safe around live sites
- ▶ A closed loop recycling product: made using recycled PVC

#### STRONGWALL

Product No.	O193
Width	555mm
Length	1025mm
Height	1000mm
Weight	22kg
Quantity / Pallet	18
Colour	Black & Orange

#### STRONGFENCE

Product No.	O687
Width	555mm
Length	1025mm
Height	2065mm
Weight	25.5kg
Quantity / Pallet	18
Colour	Black, Orange & Silver

### COMPLIANCE CODE

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS EN 13422:2019, BS 7818 1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# ENDURAFENCE™

## FENCING

Heavy duty plastic fence that is 2m tall and anti-climb, making it suitable for construction, deep excavation and street works sites. It is ideal for when metal fencing cannot be used.

## PRODUCT RANGE

## ENDURAFENCE™

### Usage Benefits

- ▶ Lightweight and durable solution for easy installation
- ▶ Can be easily transported and stored by 1 person
- ▶ Clearly defines access and thoroughfares in high traffic areas
- ▶ Ensure mandated physical distance measures
- ▶ Ideal for live sites including railways, power plants and sub-stations
- ▶ Can be connected to existing mesh fencing and compatible with traditional fence feet
- ▶ Can create larger hybrid barrier systems
- ▶ Can be branded to bespoke colours
- ▶ Protect site staff and pedestrians against risk factors

Product No.	O668
Width	40mm
Length	1900mm
Height	1900mm
Weight	10kg
Quantity / Pallet	32
Colour	Orange

## COMPLIANCE CODES

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS EN 13422:2019, BS 7818 1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# LANTIS® BARRIER

## PEDESTRIAN BARRIER

The Lantis Barrier is a recycled plastic barrier fence. With the ability to be used in parades, sporting events, ticketing lines and much more, it's a versatile solution. Lighter than steel, yet significantly more long-lasting, the Lantis Barrier is a replacement for metal pedestrian barriers.

## PRODUCT RANGE

## LANTIS® BARRIER

### Usage Benefits

- ▶ A closed loop recycling product: made of PCR plastic
- ▶ Lightweight and portable solution for easy installation
- ▶ Stacks compactly, easily transported and stored by 1 person
- ▶ Clearly defines access and thoroughfares in high traffic area
- ▶ Ensures mandated physical distance measures
- ▶ Protect site staff and pedestrians against risk factors
- ▶ Maintain your barrier fleet with spare parts, including feet, connectors and body sections
- ▶ Robust & long-lasting 'drive-over' toughness, which springs back into shape
- ▶ Enquire about minimum order quantities for customisations

Product No.	O745
Width	40mm
Length	2109mm
Height	1100mm
Weight	14kg
Quantity / Pallet	50
Colour	Grey

## COMPLIANCE CODE

BS 7818 1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# SAFEGATE®

## MANHOLE BARRIER

The SafeGate barrier is designed for use around temporary excavations and is commonly used in the communications industry.

### PRODUCT RANGE

### SAFEGATE

#### Usage Benefits

- ▶ Portable solution making it easier to carry & deploy than typical Chapter 8 barriers
- ▶ Lightweight, which keeps overall vehicle weight low, and allows for easy installation
- ▶ Clearly cordon off areas to reduce the danger of pedestrians/site staff entering restricted zones
- ▶ Keep sites protected in high wind conditions by using the SafeBase
- ▶ Ability to reinforce social distancing measures
- ▶ Can be configured in a square or in a line with the SafeBase

#### SAFEBASE

Product No.	O204
Width	340mm
Length	340mm
Height	80mm
Weight	2.6kg
Quantity / Pallet	150
Colour	Black

#### 3 WAY BARRIER

Product No.	O9737
Width	60mm
Length	2250mm
Height	1000mm
Weight	6kg
Quantity / Pallet	25
Colour	Red/Yellow

#### 4 WAY BARRIER

Product No.	O9738
Width	80mm
Length	3000mm
Height	1000mm
Weight	8kg
Quantity / Pallet	20
Colour	Red/Yellow

### COMPLIANCE CODE

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS EN 13422:2019, BS 7818:1995

Go to Product Index at the end of the brochure for all spare parts and accessories.

# VANTAGE BARRIER

## PEDESTRIAN BARRIER

The Vantage Barrier links to the Gate Barrier and most other link-and-pin barrier systems.

### PRODUCT RANGE

### VANTAGE BARRIER

#### Usage Benefits

- ▶ Lightweight and portable solution for easy installation
- ▶ Can be easily transported and stored by 1 person
- ▶ Clearly define access and thoroughfares in high traffic area
- ▶ Adaptable to the work site's requirements with 3 feet options: ClearPath Extra which is 100% anti-trip, ClearPath or Standard
- ▶ Ensures mandated physical distance measures
- ▶ Enquire about minimum order quantities for customisations
- ▶ Protect site staff and pedestrians against risk factors
- ▶ Robust and long-lasting with 'drive-over' toughness

Product No.	O615
Width	60mm
Length	2000mm
Height	1000mm
Weight	14kg
Quantity / Pallet	40
Colour	Orange

### COMPLIANCE CODES

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS EN 13422:2019, BS 7818 1995

# WATCHMAN® BARRIER CONFIGURATION 1

## PEDESTRIAN BARRIER

The Watchman MK1 Barrier is compact and easy to install. The system is modular, comprising weighted Bases, lightweight Posts and hi-vis Planks for unlimited layout combinations.

### PRODUCT RANGE

### WATCHMAN® BARRIER MK1

#### Usage Benefits

- ▶ Durable solution for temporary and semi-permanent installation
- ▶ Create chapter 8 compliant barrier systems in high traffic areas
- ▶ Ensure mandated physical distance measures
- ▶ Create highly visible barrier systems with reflective, coloured panels
- ▶ Adapt and adjust barriers easily using 1.25m and 2m planks
- ▶ Create stable and durable systems using weighted bases
- ▶ Update and maintain quality of barriers with replacement components
- ▶ Protect site staff and pedestrians against risk factors

#### WATCHMAN® BARRIER MK1 BASE

Product No.	O17
Width	455mm
Length	455mm
Height	125mm
Weight	4kg
Quantity / Pallet	75
Colour	Black

#### WATCHMAN® BARRIER MK1 PLANK 2M

Product No.	O9504
Width	20mm
Length	2000mm
Height	150mm
Weight	2.2kg
Quantity / Pallet	300
Colour	White

#### WATCHMAN® BARRIER MK1 PLANK 1.25M

# WATCHMAN® BARRIER CONFIGURATION 2

## PEDESTRIAN BARRIER

The Watchman MK2 Barrier is compact and easy to install. The system is modular, comprising anti-trip Bases, weighted Posts and hi-vis Planks for unlimited layout combinations.

### PRODUCT RANGE

### WATCHMAN® BARRIER MK2

#### Usage Benefits

- ▶ Lightweight and durable solution for easy installation
- ▶ Can be easily transported and stored by 1 person
- ▶ Create chapter 8 compliant barrier systems in high traffic areas
- ▶ Ensure mandated physical distance measures
- ▶ Adapt and adjust barriers easily using 1.25m and 2m planks
- ▶ Create stable and durable systems using weighted bases
- ▶ Dismantles and packs away compactly for ease of transport & storage
- ▶ Create highly visible barrier systems with reflective, coloured panels
- ▶ Adapt and customise the barriers with corporate branding
- ▶ Update and maintain quality of barriers with replacement components
- ▶ 100% anti-trip feet to protect site staff and pedestrians against risk factors

#### WATCHMAN® BARRIER MK2 BASE

Product No.	O78
Width	200mm
Length	630mm
Height	160mm
Weight	0.8kg
Quantity / Pallet	100
Colour	Yellow

#### WATCHMAN® BARRIER MK2 PLANK 2M

Product No.	O9514
Width	20mm
Length	2000mm

# OXFORDWALL™

## DEMARCATIION

Water-filled barrier which is hi-vis for traffic delineation, and is fast and easy to deploy.

## PRODUCT RANGE

## OXFORDWALL™

### Usage Benefits

- ▶ Withstands high winds when water-filled to increase barrier weight up to 20kg
- ▶ Heavy, durable solution for robust installations
- ▶ Lightweight (when empty) for easy transport and storage by 1 person
- ▶ Create hi-vis barrier systems that won't fade
- ▶ Easy to carry internal handholds which also increase wind-resistance
- ▶ Clearly define access and thoroughfares in high traffic area
- ▶ Ensures mandated physical distance measures
- ▶ Protect site staff and pedestrians against risk factors

Product No.	O9169
Width	395mm
Length	1100mm
Height	600mm
Weight	8kg
Quantity / Pallet	18
Colour	White Red

## COMPLIANCE CODES

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442:2015, BS EN 13422:2019

# FENCE PIN

## FENCING

Fence Pins protect staff from the danger of being electrocuted, compared to a metal fence pin. The Fence Pin is non-conductive and suitable for sites with electric cable hazards.

## PRODUCT RANGE

## FENCE PIN

### Usage Benefits

- ▶ A durable non-conductive component to create temporary fencing
- ▶ Lightweight and easy to assemble a perimeter
- ▶ Use in dry and wet ground conditions

Product No.	O514
Width	18mm
Length	1400mm
Height	18mm
Weight	0.5kg
Quantity / Pallet	500
Colour	White & Silver

# Fence Feet and Heavy Bases

Our fence feet and heavy bases are first and foremost effective, durable and safe for use on construction sites and at high profile sporting and entertainment events.

Their high-visibility ends are patent protected to keep your work site safe by reducing the risk of trips and falls.

Oxford Plastics is one of the biggest users of recycled PVC in the world and in 2019 we used 16% of all the recycled PVC in the UK.

We go to great lengths to use recycled materials in our products – none more so than with our fence feet and heavy bases – and at the end of their life most of these can be re-ground into new products.

**DURABLE RECYCLED MATERIAL**

**HIGH VISIBILITY**

**PATENT PROTECTED**

**CUSTOMISABLE**

## OXSTAND®

### FENCING

The OxStand is an alternative to the metal tube stand, commonly used with metal fencing at events and on construction sites. You can stack and carry multiple OxStands at a time, drastically reducing installation labour time and cost.

### PRODUCT RANGE

### OXSTAND

#### Usage Benefits

- ▶ Can be easily installed, transported and stored
- ▶ Use with the Temporary Fence Weight to provide weighted stability across fencing systems
- ▶ Reduce cost and installation labour time
- ▶ Carry multiple OxStands at once for ease of installation
- ▶ Reduce trip hazards with these highly visible fence stands

Product No.	O614
Width	305mm
Length	920mm
Height	184mm
Weight	3kg
Quantity / Pallet	130
Colour	Black & Yellow

## TEMPORARY FENCE WEIGHT

### FENCING

The Temporary Fence Weight is a high-visibility ballast weight for temporary fencing. The alternative to sandbags, which does not decompose or leak sand onto pavements and work sites. The Temporary Fence Weight ballasts fence panels to create a long lasting, wind-resistant perimeter.

### PRODUCT RANGE

### TEMPORARY FENCE WEIGHT

#### Usage Benefits

- ▶ Create a wind resistant fence perimeter for construction sites and events
- ▶ Eliminate sand bags which decompose and create mess
- ▶ Carry multiple Temporary Fence Weights at once using the internal handles
- ▶ Create an anti-trip walkway using this low-profile and hi-vis ballast
- ▶ Stack and secure Temporary Fence Weights on top of metal tube stands and OxStand to create a semi-permanent fence line
- ▶ Reduce call outs due to fences falling over
- ▶ A closed loop recycling product: made of recycled PVC

Product No.	O203
Width	600mm
Length	495mm
Height	70mm
Weight	13.6kg
Quantity / Pallet	72
Colour	Black & Yellow

# OXBLOCK

## FENCING

This heavy base forms a stable base for metal and plastic security fencing. The OxBlock is the best alternative to concrete blocks. It is made from a tough thermoplastic compound that is shock and crack resistant. O207 is suitable for UK fence panels. O224 & O225 are suitable for European fence panels. O253 is suitable for USA and European fence panels.

### PRODUCT RANGE

### OXBLOCK

#### Usage Benefits

- ▶ Can be easily stored and transported using the internal handles
- ▶ A versatile and durable component that can be used with a range of fencing
- ▶ Create enhanced stability of fencing systems to maintain demarcation and social distancing
- ▶ Reduce trip hazards with these low-profile, compact fence feet
- ▶ Can reinforce contractor, client or project branding, as required
- ▶ Provide added visibility for workers, spectators or pedestrians with hi-vis ends
- ▶ A closed loop recycling product: made of recycled PVC

#### OXBLOCK 26KG OX-BAUZAUNFUSS

Product No.	O224
Width	245mm
Length	680mm
Height	140mm
Weight	26kg
Quantity / Pallet	50
Colour	Black & Yellow

#### OXBLOCK 24KG HIVIZ

Product No.	O253
Width	210mm
Length	775mm
Height	154mm
Weight	24kg
Quantity / Pallet	42
Colour	Black & Yellow

#### OXBLOCK 18KG HIVIZ

Product No.	O225
Width	205mm
Length	770mm
Height	128mm
Weight	18kg
Quantity / Pallet	48
Colour	Black & Yellow

#### OXBLOCK 18KG

Product No.	O210
Width	190mm
Length	770mm
Height	120mm
Weight	18kg
Quantity / Pallet	48
Colour	Black & Yellow

# EVEREST OXBLOCK BALLAST

## FENCING

The Everest OxBlock forms a stable base for metal and plastic security fencing. This fence foot over-weight, which is made from a tough thermoplastic compound that is shock and crack resistant, provides a better alternative to concrete blocks.

### PRODUCT RANGE

### OXBLOCK EVEREST BALLAST

#### Usage Benefits

- ▶ Can be easily stored and transported using the internal handles, able to manually carry
- ▶ Create a highly wind-resistant perimeter by stacking OxBlock Everest over fence feet
- ▶ A versatile and durable component that can be used with a range of fencing
- ▶ Create enhanced stability of fencing systems to maintain demarcation and social distancing
- ▶ Reduce trip hazards with these compact and hi-vis fence feet
- ▶ Can reinforce contractor, client or project branding, as required
- ▶ A closed loop recycling product: made of recycled PVC

Product No.	O194
Width	252mm
Length	600mm
Height	300mm
Weight	20kg
Quantity / Pallet	18
Colour	Black & Yellow

# SOLE BOARD

## SCAFFOLDING BOARD

Sole board is for use with scaffolding installations, replacing timber scaffolding board base plates which deteriorate and splinter. Place 1 sole board under each scaffold base to create a stable structure and to protect the ground underneath.

The high-visibility anti-trip design ensures that worksites are safe for workers and pedestrians.

## PRODUCT RANGE

## SOLE BOARD

### Usage Benefits

- ▶ Distributes the load of scaffolding
- ▶ Gives stability and safety for scaffolding on soft ground
- ▶ Suitable for 15T loads on flat, level ground
- ▶ Internal base plate size 165 x 165mm
- ▶ Replaces timber scaffolding board base plates
- ▶ Low profile design minimises trip hazards to pedestrians and workers
- ▶ Large 1.5m<sup>2</sup> footprint
- ▶ high-visibility and UV resistant colour
- ▶ Non-conductive

<b>Product No.</b>	O630
<b>Width</b>	300mm
<b>Length</b>	500mm

# SQUARE BASE

## FENCE POST BASE

Durable heavy duty post base available with 4 hole sizes. A versatile ecological heavy base which can fit 4 sizes of post: 40mm, 44mm, 51mm and 60mm. The handle means it is easy to transport.

## PRODUCT RANGE

## SQUARE BASE

### Usage Benefits

- ▶ Can be easily installed, transported and stored using moulded handles
- ▶ Provide weighted stability and shock resistance across fencing systems
- ▶ Support fence poles of 40mm, 44mm, 51mm and 60mm
- ▶ Reduce trip hazards with these long-lasting square fence feet
- ▶ Adapt and customise fence feet with corporate logo
- ▶ A closed loop recycling product: made of recycled PVC

# Traffic Management

Like all products from Oxford Plastics, our Traffic Management range is designed for safety and ease of use. Whether you need temporary equipment for a work site, or a more permanent fixture for facilities management – we've got you covered.

High visibility is essential when it comes to creating safe throughways. This is why we use only British Standard reflective. Oxford Plastics understand safety, which is why we build high visibility inserts and long-lasting colours into our products. So you can be confident that your site can be clearly seen in all weather.

As experts in recycled materials and durability, Oxford Plastics build recycled plastics into all products where possible. We use hard-wearing and long-lasting recycled plastic.

# ENDURASIGN QUICKFIT FRAME®

## TEMPORARY SIGNS

The EnduraSign QuickFit Frame is a recycled plastic sign frame that is compatible with 300mm hole centre sign faces.

The modular design means the correct signage can be quickly assembled on site. Space and weight limitations are improved in works vehicles compared to using single piece Chapter 8 signs.

## PRODUCT RANGE

## ENDURASIGN QUICKFIT FRAME™

### Usage Benefits

- ▶ Ultra-durable sign frame is resistant to cracking
- ▶ Plastic sign frame fitted with 4 antiluce droplocks, compatible with 300mm spaced quickfit faces
- ▶ Compact design to fit more signage in works vehicles
- ▶ Interchangeable sign faces can be installed on site
- ▶ Highly resistant to wind
- ▶ Category C (19 mph) winds without ballast
- ▶ Category B (39 mph) winds with a 9kg weight (for 1050 rectangle use 13kg)
- ▶ Compatible with EnduraSign Ballast 9kg weight
- ▶ Lightweight 3.3kg design reduces weight in works vehicles
- ▶ Clearly label equipment and prevent theft with a corporate nameplate and custom RAL colour frame
- ▶ Create clear signage and information in all weather

### ENDURASIGN QUICKFIT FRAME™

# ENDURASIGN™ BALLAST WEIGHT

## TEMPORARY SIGNS

The EnduraSign Ballast can be used on all metal and plastic temporary signs to ensure that temporary works stay clearly signposted and street works compliant. This ballast weight replaces sandbags, it is stackable, quick to deploy and is significantly longer-lasting.

## PRODUCT RANGE

## ENDURASIGN™ BALLAST WEIGHT

### Usage Benefits

- ▶ Can be easily installed, transported and stored
- ▶ Locks onto the EnduraSign to provide weighted stability across a series of different signs in up to Category A winds
- ▶ Create safe signage installations, without using sandbags
- ▶ Avoid debris and trip hazards caused by the deterioration of sandbags
- ▶ Create highly visible signage installations
- ▶ Adapt and customise ballast with corporate name plate
- ▶ A closed loop recycling product: made of recycled PVC
- ▶ Refer to our website for ballasting guidelines.

# HIGHWAYMAN CONE SYSTEM

## ROAD CONES

This 2 part road cone provides safety to worksites, and is ideal for use in heavy traffic, motorway contraflow systems (750mm), lane delineation and parking control at events. The easy-to-use Cone Rope is used with road cones to create a hi-vis temporary perimeter.

### PRODUCT RANGE

### HIGHWAYMAN CONE SYSTEM

#### Usage Benefits

- ▶ Can be easily installed, transported and stored
- ▶ Can clearly and easily demarcate areas of road, walkways and work sites
- ▶ Create temporary separation of high traffic and restricted zones
- ▶ 2 part cone with durable recycled PVC base, outlasts 1 part cone alternatives
- ▶ Create clearly defined thoroughfares to safely direct traffic and vehicles
- ▶ Can effectively cover small and large areas with a quick and effortless installation
- ▶ A closed loop recycling product: made using recycled PVC

# Mats and Ground Protection

Oxford Plastics have a range of ground protection solutions for temporary, semi-permanent and permanent uses.

We mould anti-slip surfaces into our products, providing a grippy surface that won't fade over time. Our mats and grids are made for both vehicle and pedestrian access. The range is designed to provide safe passageway for all traffic, particularly in wet and muddy situations.

Oxford Plastics have developed a suite of accessories to make your site safe and sound, including parking delineator inserts for the EnduraGrid, and heavy-duty connectors for the EnduraMat.

The EnduraRamp slows down traffic at your worksite, school or wherever traffic calming is required. This speed bump is durable and easy to install.

### PRODUCT RANGE

### ENDURARAMP™

#### Usage Benefits

- ▶ Lightweight and durable solution for easy installation
- ▶ Can be easily installed, transported and stored
- ▶ Manage the speed of traffic effectively across site and pedestrian areas
- ▶ Support road traffic, vehicles and cargo up to 44 tonnes
- ▶ Protect site staff and pedestrians against traffic and vehicles
- ▶ Create highly-visible traffic management solutions with in built reflective
- ▶ Thick plastic moulded coloured skin which provides long-lasting hi-vis colours
- ▶ Run cabling and piping of up to 22mm diameter within the ramp's recess
- ▶ A closed loop recycling product: made of recycled PVC

#### ENDURARAMP™ 50MM END

Product No.	O310/O377
Width	420mm
Length	210mm
Height	50mm
Weight	3.5kg
Quantity / Pallet	100
Colour	Black/Yellow

#### ENDURARAMP™ 75MM END

Product No.	O323
Width	420mm
Length	210mm
Height	75mm
Weight	4.5kg
Quantity / Pallet	100
Colour	Yellow/Black

#### ENDURARAMP™ 50MM INNER

Product No.	O376
Width	420mm
Length	500mm
Height	50mm
Weight	9kg
Quantity / Pallet	120
Colour	Black/Yellow

#### ENDURARAMP™ 75MM INNER

Product No.	O378/O321
Width	420mm
Length	500mm
Height	75mm
Weight	12kg
Quantity / Pallet	120
Colour	Yellow/Black

## COMPLIANCE CODES

The Highways (Road Humps) Regulations 1999

Go to Product Index at the end of the brochure for all spare parts and accessories.

# CLEARPATH® MAT

## TEMPORARY WALKWAY

Create clearly marked passageways with this black and white pedestrian mat made of tough plastic for work sites, events and temporary zebra crossings.

### PRODUCT RANGE

### CLEARPATH® MAT

#### Usage Benefits

- ▶ Lightweight and durable solution for easy installation
- ▶ Can be easily installed, transported and stored
- ▶ Provide added stability on uneven ground
- ▶ Clearly cordon off areas to reduce the risk of pedestrians/site staff entering restricted zones
- ▶ Ability to reinforce social distancing measures
- ▶ A closed loop recycling product: made of recycled PVC

Product No.	O329
Width	1200mm
Length	600mm
Height	22mm
Weight	20kg
Quantity / Pallet	30
Colour	Black White Yellow

Go to Product Index at the end of the brochure for all spare parts and accessories.

## ENDURAMAT™

### GROUND PROTECTION MAT

Heavy duty ground protection mat suitable for worksites, events and creating temporary access. The EnduraMat has a small grip on the top and a large grip on the bottom, making it suitable for vehicle access and pedestrian access.

### PRODUCT RANGE

### ENDURAMAT™

#### Usage Benefits

- ▶ Clearly demarcate walkways and thoroughfares to avoid hazards
- ▶ Create stable ground conditions for heavy vehicles
- ▶ Clearly signpost to inform, educate and navigate pedestrians
- ▶ Create semi-permanent roadways using heavy-duty couplers
- ▶ Create clear passageways to help reinforce social distancing measures
- ▶ Create portable roadways using light-duty couplers
- ▶ Enquire about minimum order quantities for customisations

#### ENDURAMAT

Product No.	0651
Width	1220mm
Length	2440mm
Height	12mm
Weight	32kg
Quantity / Pallet	20
Colour	Grey

#### ENDURAMAT COUPLER HEAVY DUTY

Product No.	0648
Width	178mm
Length	178mm
Height	8mm
Weight	2kg
Quantity / Pallet	100
Colour	Silver

#### ENDURAMAT COUPLER LIGHT DUTY

Product No.	0652
Width	132mm
Length	95mm
Height	3mm
Weight	0.2kg
Quantity / Pallet	100
Colour	Silver

Go to Product Index at the end of the brochure for all spare parts and accessories.

## ENDURAGRID™

### GROUND PROTECTION

EnduraGrid is an interlocking porous paving system designed to reinforce the ground. Perfect for carparks, driveways, paths, patios and muddy areas.

### PRODUCT RANGE

### ENDURAGRID™

#### Usage Benefits

- ▶ Create permanent ground protection grids
- ▶ Lightweight and durable for easy transport and installation by 1 person
- ▶ Interlock the paving system to reinforce the ground
- ▶ Support vehicles up to 44 tonnes depending on ground conditions
- ▶ Parking marker spots slot into the grid to demarcate car park spaces
- ▶ Install up to 3900ft<sup>2</sup> per hour
- ▶ Protect car parks, driveways, paths and soft/muddy ground
- ▶ Create long-lasting porous ground protection areas that work all year round
- ▶ Cutaways permit grass root growth to keep lawns looking green
- ▶ Curved lattice structure creates a flat surface: the grid allows for expanding and contracting in hot weather to prevent the surface from rounding up

Product No.	0681
Width	500mm
Length	500mm
Height	65mm
Weight	2kg
Quantity / Pallet	120
Colour	Black

Product No.	0684
Width	69mm
Length	69mm
Height	68mm
Quantity/Pallet	100
Colour	White / Yellow
