Introducing the CTV-8K, the ultimate multifunctional CCTV tester that supports a wide array of camera types, making setup and testing of your network a breeze. With its built-in PoE and HDMI tester, along with the RJ45 TDR tester, this all-in-one solution allows you to effortlessly verify and troubleshoot your entire system. Empower yourself with enhanced productivity from start to finish with the CTV-8K installation and troubleshooting tester for digital/IP, HD coax, and analog CCTV camera systems.

This multifinctional CCTV tester also features the following:

- 8k IP Camera Test and 4K 60FPS HDMI Test
- Connect to various cameras using RJ45, WiFi or BNC ports
- Power the camera with 12V from the Li-Ion battery or PoE/PoE+
- Comprehensive camera setup with aim, focus, PTZ, presets, and network settings
- Setup Security Cameras – use the analog video port to setup security cameras
