

Jonard Tools' Fiber Optic Polishing Work Mat is designed to increase the visibility of fiber scraps while providing a work space for fiber maintenance. This work mat also features the following:

- Made from a dual-sided black vinyl material which sticks to smooth surfaces on one side, while providing a comfortable work space on the other
- Vinyl material also depresses easily, making it quick and easy to pick up fiber scraps
- Perfectly proportioned to accommodate fiber optic polishing or other fiber work
- Black color of the mat allows you to easily see any fiber scraps to prevent accidental splinters
